## FOR YOUR BUSINESS

Imagination+Implementation=Innovation

As a business owner, you've gotten where you are today by thinking outside the box and making unique ideas a reality. At Empyre Wire, we share those same goals: we can design and install voice, data, and surveillance systems to fit the needs of your business, at a competitive price.

### Voice Services:

- New phone system pre-wire and installation
- Service and repairs for existing systems
- Background music and paging
- Audio conferencing

### Data Services:

- Network cabling
- Internet, router, and switch installation
- WiFi - wireless networking
- File and printer sharing
- Network security
- Point-of-Sales devices

### Other Services:

- Security camera installation
- Multimedia systems
- Cable TV
